Town Representative.

The Republican caucus held at Academy Hall on Monday evening nominated by a unanimous vote Geo. G. Hunt as the Republican candidate for Town Representative. The only show of op position made to the nomination of Mr. Hunt was made through a motion, by Mr. B. F. Rugg, that Charles Wyman be nominated, which motion was seconded by Mr. Burton, we believe, put to vote, and only one vote being given in its favor it was of course lost. Before the vote was called, Mr. Herbert Brainerd and Mr. J. J. Burgess stated to the assembly that Mr. Wyman had informed each of them, and others also, that he did not desire to be nominated, and would not consent to be a candidate, aa recent change in his business affairs rendered it impossible for him to leave home, consistently with the requirements of his business. If Mr. Wyman man's election, and even aided the election of a Democrat over Mr. Wyman.

Burton should second Mr. Rugg's efforts to nominate Wyman, when it is remembered that Mr. Burton run as an independent candidate against Wyman last year, and also helped elect a Democrat, when his own chances were found to be gone. This yearling support ought to awaken gushing emotions of gratitude in the complacent bosom of Mr. Wyman. It shows great sacrifice on the glad to state that those gentlemen took part in the caucus, and hope that, as professed Republicans, although they having the disposition to "rule or ruin" the party.

The caucus was the largest ever held in St. Albans, over three hundred voters being present; and endorsing by a unanimous vote the nomination of Mr. Hunt, we have no fears that he will fail of an election. Mr. Hunt will make an excellent Representative, efficient, capable, reliable, and true to Republican principles.

THAT was rather an effectual reply made by Hon. A Bingham to a Copperhead who called out to him while addressing a Republican meeting at Ban- to the whole country, gor, "How about Mrs. Surratt?" Mr.

Bingham's instant response was: "How about her? Go and consult the records of the court that tried and good thing-the business tides are only convicted her. Go and ask Gen. Han- sluggish, that is all; they never entirecock who issued the order for her execu- ly rest. We are all moving along in a Peoria, on the Chicago, Burlington, which had been served upon him; and, if you are still unsatisfied, go and ask the apostate President Andrew John-ahead—for we expect busy times very landers, who speak the old Gelic tongue which had been served upon him; and, son, why he refused a pardon after a petition had been sent him signed by every member but one of the court who tried her, and drawn up in the handwriting of the man you seek to insult."
